Dear Federal Election Commission,

This letter is in response to your mailing to us regarding complaint #MUR 6038.

Christian Coalition of Colorado has had a long-time business relationship with Tactical Data Services and has paid for their data services on many occasions. Concerning the data in question, we asked Tactical Data Solutions to sell us voter data with their clean up and enhancement work done to it for our lobbying mail projects.

TDS provided the product for which we paid fair market value.

At no time did Christian Coalition of Colorado or any of our agents coordinate our activities with any of the parties cited in MUR 6038. Any statement saying we did is patently false.

Sincerely,

Chuck Gosnell, President
Christian Coalition of Colorado

Mark Hotaling, Executive Director
Christian Coalition of Colorado
